

## Quality Policy

**Brenk Brothers Inc. will successfully serve its customers and employees by meeting requirements and maintaining a focus on continuous improvement in all functions of our organization through the use of our quality system.**

- **This will enable our company to develop the processes and provide the flexibility to meet or exceed customer expectations.**
- **This will enable our employees to actively participate in workplace issues: being well informed as to their individual and collective roles and responsibilities, and to help determine our policies, procedures, and processes.**
- **This will result in systematic approaches to provide continual opportunities and growth for us, for our company, and our customers.**

**We seek partnership with our customers to work together towards our mutual success by maintaining on-going communication and awareness.**

**QUALITY WINS!**
